

Pro Systems By Ricoma 12 Needle TC Series

Brand: Pro Systems
Product Code: RC12TCSERIES
Availability: Pre-Order

Short Description

Description

Our base model, the RCM-1201TC is suitable for all commercial embroidery on flats, caps, denim, finished garments and more. Compact and portable, the machine is perfect for home businesses and startups. However, large businesses with two-heads and six-heads can use the PT to run samples and fill smaller, more specific orders.

Major features include:

12 needles, one head, suitable for flat bed embroidery, cap / hat embroidery, finished garments embroidery and more.

Perfect for home and commercial embroidery.

Maximum embroidery area: 550 x 350 mm, or 22 inches x 14 inches.

Automatic thread trimmer.

Maximum speed 1200 SPM.

270° wide angle cap system.

LCD display showing real time stitching.

USB input or direct transmission from PC via serial port or wireless.

Networkable and Wi-Fi capable.

Auto color change.

Thread break detection.
